

COMMON WETLAND AND NON-WETLAND VEGETATION

Dominant Tree Species

% cover			% cover		
<input type="checkbox"/> Pacific willow	<i>Salix lucida ssp. lasiandra</i>	FACW+	<input type="checkbox"/> Sitka spruce	<i>Picea sitchensis</i>	FAC
<input type="checkbox"/> Oregon ash	<i>Fraxinus latifolia</i>	FACW	<input type="checkbox"/> Western red cedar	<i>Thuja plicata</i>	FAC
<input type="checkbox"/> Quaking aspen	<i>Populus tremuloides</i>	FAC+	<input type="checkbox"/> Cascara buckthorn	<i>Frangula purshiana</i>	FAC-
<input type="checkbox"/> Red alder	<i>Alnus rubra</i>	FAC	<input type="checkbox"/> Bigleaf maple	<i>Acer macrophyllum</i>	FACU
<input type="checkbox"/> Black cottonwood	<i>Populus balsamifera</i>	FAC	<input type="checkbox"/> Western hemlock	<i>Tsuga heterophylla</i>	FACU
<input type="checkbox"/> Scouler's willow	<i>Salix scouleriana</i>	FAC	<input type="checkbox"/> Douglas fir	<i>Pseudotsuga menziesii</i>	FACU
Other tree species present: _____			_____		
_____			_____		

Dominant Shrub Species

<input type="checkbox"/> Hardhack	<i>Spiraea douglasii</i>	FACW	<input type="checkbox"/> Snowberry	<i>Symphoricarpos albus</i>	FACU
<input type="checkbox"/> Redosier Dogwood	<i>Cornus sericea</i>	FACW	<input type="checkbox"/> Scot's broom	<i>Cytisus scoparius</i>	FACU
<input type="checkbox"/> Western crabapple	<i>Malus fusca</i>	FACW	<input type="checkbox"/> California huckleberry	<i>Vaccinium ovatum</i>	FACU
<input type="checkbox"/> Black twinberry	<i>Lonicera involucrata</i>	FAC+	<input type="checkbox"/> Himalayan blackberry	<i>Rubus armeniacus</i>	FACU
<input type="checkbox"/> Devil's club	<i>Oplopanax horridus</i>	FAC+	<input type="checkbox"/> Salal	<i>Gaultheria shallon</i>	FACU
<input type="checkbox"/> Salmonberry	<i>Rubus spectabilis</i>	FAC	<input type="checkbox"/> Indian plum	<i>Oemleria cerasiformis</i>	FACU
<input type="checkbox"/> Nootka rose	<i>Rosa nutkana</i>	FAC	<input type="checkbox"/> Hazelnut	<i>Corylus cornuta</i>	FACU
<input type="checkbox"/> Vine maple	<i>Acer circinatum</i>	FAC-	<input type="checkbox"/> Oregon grape	<i>Mahonia nervosa</i>	FACU
<input type="checkbox"/> English ivy	<i>Hedera helix</i>	FACU	<input type="checkbox"/> Red huckleberry	<i>Vaccinium parvifolium</i>	UPL
<input type="checkbox"/> Red elderberry	<i>Sambucus racemosa</i>	FACU	<input type="checkbox"/> Oceanspray	<i>Holodiscus discolor</i>	UPL
Other shrub species present: _____			_____		
_____			_____		

Dominant Forb Species

<input type="checkbox"/> Skunkcabbage	<i>Lysichiton americanum</i>	OBL	<input type="checkbox"/> Stinging nettle	<i>Urtica dioica</i>	FAC+
<input type="checkbox"/> Cattail	<i>Typha latifolia</i>	OBL	<input type="checkbox"/> Velvet grass	<i>Holcus lanatus</i>	FAC
<input type="checkbox"/> Water parsley	<i>Oenanthe sarmentosa</i>	OBL	<input checked="" type="checkbox"/> 5 Lady fern	<i>Athyrium filix-femina</i>	FAC
<input type="checkbox"/> Slough sedge	<i>Carex obnupta</i>	OBL	<input type="checkbox"/> Horsetail	<i>Equisetum arvense</i>	FAC
<input type="checkbox"/> Small fruited bulrush	<i>Scirpus microcarpus</i>	OBL	<input type="checkbox"/> Youth-on-age	<i>Tolmiea menziesii</i>	FAC
<input type="checkbox"/> owlfruit sedge	<i>Carex stipata</i>	OBL	<input type="checkbox"/> Foam flower	<i>Tiarella trifoliata</i>	FAC-
<input type="checkbox"/> Tall manna grass	<i>Glyceria elata</i>	FACW+	<input type="checkbox"/> Cat's ear	<i>Hypochaeris radicata</i>	FACU
<input type="checkbox"/> Soft rush	<i>Juncus effusus</i>	FACW+	<input type="checkbox"/> Trailing blackberry	<i>Rubus ursinus</i>	FACU
<input type="checkbox"/> Rushes	<i>Juncus spp.</i>	FACW	<input type="checkbox"/> Bracken fern	<i>Pteridium aquilinum</i>	FACU
<input checked="" type="checkbox"/> 25 Creeping buttercup	<i>Ranunculus repens</i>	FACW	<input type="checkbox"/> Sword fern	<i>Polystichum munitum</i>	FACU.
<input type="checkbox"/> Reed canarygrass	<i>Phalaris arundinacea</i>	FACW	<input type="checkbox"/> Bleeding heart	<i>Dicentra formosa</i>	FACU
Other forb species present: _____			_____		
75 mowed grasses			_____		

Percent of dominant species FAC, FACW, OBL: 750%
 Is the hydrophytic vegetation criterion met? Yes No _____
 Rationale: greater than 50% cover by FACW species.

UPLAND? WETLAND? _____
 WETLAND TYPE: Palustrine _____ Riverine _____
 Lacustrine _____ Estuarine _____
 Forested _____ Scrub/Shrub _____
 Emergent _____ Open Water _____
 Wet Meadow/Pasture _____
